

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: The applicant is proposing an uneven-age timber harvest (approximately 60% thinning) and 294 feet of new forest road construction on 9 acres; there are no public resources or unstable slopes associated with this application. The SEPA trigger is the land has been platted after January 1, 1960. This proposal is associated with FPA # 2410296.

Proponent: Francis L. & Lou Ann Hanson

Location of proposal, including street address, if any: This harvest unit is located within section 28 of Township 23 North, Range 3 West, Mason County.

Lead agency: Department of Natural Resources

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21c.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
